

Surrogacy pricing information

Valid from 1st May 2025

Prices are valid from 1st May 2025 and will be reviewed on 31st December 2025.

Please ensure that before making treatment decisions you have confirmed all fees with the accounts department.

Separate price lists are available for our egg donation and fertility services.

Welcome

At the Lister Fertility Clinic, we have a dedicated surrogacy team to look after you and your surrogate throughout your treatment journey. The team provides specialist continuity of care and personalised support while you undergo your treatment.

In your first appointment at our clinic, we'll introduce you to your surrogacy team and discuss how we can best support you. You can ask us any questions you have and we'll share more details about the tests you'll need.

For your convenience, we'll make sure all appointments are attended by any relevant members of your surrogacy team so you don't need to schedule more appointments than necessary.

Contents

Heterosexual surrogacy pathways

- 4 Fresh eggs and sperm
- 5 Frozen eggs
- 6 Frozen embryos
- 7 Fresh eggs and donor sperm
- 8 Frozen eggs and donor sperm
- 9 Donor eggs and partner sperm

Two Dads surrogacy pathways

- 10 Donor eggs and either partner's sperm

Single woman surrogacy pathway

- 11 Fresh eggs and donor sperm
- 12 Frozen eggs and donor sperm

Single man surrogacy pathway

- 13 Donor eggs and own sperm

- 15 Key to surrogacy pricing

Heterosexual surrogacy pathway

Fresh eggs and sperm

Intended parents	First cycle	Second cycle
Triage by surrogacy coordinator/fertility nurse	Part of treatment package	N/A
Pre-consultation tests if needed (AMH/semen/transvaginal scan)	£131/£175/£225	N/A
Initial consultation (up to 90min)	£280	£200
Legal advice (external/independent)	External cost	
Nurse consultation and initiation of checklist	Part of treatment package	
Implications counselling for intended parents	Part of treatment package	N/A

Key to surrogacy pricing

a: Intended Father screening (stage 1): virology (HIV/ HBsAg/HBcAb/hep C), HTLV, CMV (IgM+IgG), blood group, cystic fibrosis, chromosome karyotype, gonorrhoea, syphilis, haemoglobinopathy, sperm culture and sensitivity.

Excludes (see main list price for details):

- Screening for malaria, T.Cruzi, Tay-Sachs and rectal swab for gonorrhoea, chlamydia and hep A if required depending on clinical circumstances.
- £300 lab fee applies for blood preparation for overseas export

b: Intended Mother screening (stage 1): AMH, syphilis, virology (HIV/HBsAg/HBcAb/ hep C), HTLV, CMV (IgM+IgG), blood group, full blood count, cystic fibrosis, chromosome karyotype, chlamydia, gonorrhoea, haemoglobinopathy.

Excludes (see main list price for details):

- Screening for malaria, T.Cruzi, Tay-Sachs and rectal swab for gonorrhoea, chlamydia and hep A if required depending on clinical circumstances.

c: Intended parent screening (stage 2): NAT PCR for HIV, HBV, HBC.

d: Includes all cycle monitoring scans, nursing and medical review, theatre/anaesthetic fee, egg collection, sperm preparation, IVF, Blastocyst Culture, embryo freeze and first year of storage. Includes Intended Parent planning fee in first cycle.

Excludes:

(see main price list for details)

- Medication
- Cycle monitoring blood tests
- ICSI/IMSI if required
- Further annual storage fees
- PGT-A

e: Intended parent screening (stage 3)/ donor screening (pre-collection): NAT PCR for HIV, HBV HBC, syphilis, chlamydia, gonorrhoea, HTLV. These may need to be repeated if repeat cycles are performed at more than three-month intervals.

Excludes:

- CMV (IgM+IgG) if previously negative

f: Surrogate screening: virology (HIV/HBsAg/HBcAb/hep C), full blood count, blood group, rubella, thyroid function, haemoglobinopathy (if applicable), syphilis, chlamydia, gonorrhoea, CMV (IgG+IgM), HTLV. Please note the virology is valid for six months and may need to be repeated before further cycles. Please note: the validity periods of particular blood tests will vary as advised by the surrogacy team.

g: Includes all cycle monitoring scans, nursing and medical review and transfer. Also includes surrogate planning fee in first cycle.

Excludes:

(see main price list for details)

- Medication
- Progesterone blood test at transfer

h: Includes all cycle monitoring scans, nursing and medical review, egg thaw, sperm preparation, ICSI, Blastocyst Culture, embryo freeze, and first year of storage. Includes Intended Parent planning fee in first cycle.

Excludes:

(see main price list for details)

- Medication if required
- Fee to convert ICSI to IMSI if required
- Further annual storage fees
- PGT-A

i: Includes three samples for freezing and the first year of storage.

Excludes:

(see main price list for details)

- Further annual storage fees
- Note: only one storage fee will apply for both male partners.

j: Initial donor screening: virology (HIV/HBsAg/HBcAb/hep C), HTLV, syphilis, chlamydia, gonorrhoea, cystic fibrosis, chromosome karyotype, blood group, haemoglobinopathy, full blood count, CMV (IgG+IgM).

Excludes:

(see main price list for details)

- Donor consultation and pre-consultation tests if required (AMH/scan)

k: Includes all donor medication, donor cycle monitoring scans, nursing and medical review, theatre/anaesthetic fee, egg collection, sperm preparation, IVF, Blastocyst Culture, Embryo Freeze and first year of storage. Includes Intended Parent planning fee in first cycle.

Excludes (see main list

price for details):

(see main price list for details)

- Cycle monitoring blood tests
- ICSI/IMSI if required
- Further annual storage fees
- If two intended fathers want to create embryos at the same time with the same egg donor, there will be an extra charge of £550
- PGT-A

l: Includes sperm preparation, IVF, Blastocyst Culture, embryo freeze and first year of storage. Includes Intended Parent planning fee in first cycle.

Excludes:

(see main price list for details)

- ICSI / IMSI if required
- Further annual storage fees
- PGT-A

**This is an example cost for what we believe the patient would pay to the Lister

*** This is what we believe would be the total cost including external fees.

Please note for recipients who choose to cancel/abandon a cycle after a donor has been prepared for egg donation, there is a £1,665 abandoned cycle fee.
