Ordering Tip Sheet - IVIG

This guide outlines the steps for ordering IVIG (Immunoglobulins) —in Meditech Expense.

The screenshot shows the Meditech Orders interface. At the top, there are navigation icons for 'Return To', 'Home', 'Chart', 'Document', 'Orders', and 'Discharge'. The 'Orders' tab is active. Below the navigation bar, there is a search bar containing 'IMMUNOGLOBULIN'. A list of immunoglobulin products is displayed, including 'normal human immunoglobulin (Privigen) infusion IV INF', which is highlighted with a red box. A red arrow points from the search bar area down to this highlighted product.

Click on **Orders > Enter** in the search bar type in Immunoglobulin. Select one of the immunoglobulin options the brand name is stated in brackets in the title.

The screenshot shows the selected order for 'normal human immunoglobulin (Privigen) infusion IV INF'. A dropdown menu is open, showing the selected product name and a 'RATE mls/hr IV INF 0 SEC ONE' field with a 'P' icon.

Select the correct order.

The screenshot shows the order details for 'normal immunoglobulin human (Privigen) 1 g in 10 ml IV INF'. The 'Dose' field is highlighted with a red box. A red arrow points from the 'Dose' field to the 'Starting Rate' field, which is also highlighted with a red box. The 'Starting Rate' field is currently empty.

Update the **dose** as appropriate and complete the **Starting Rate** field
