

Backlogs

Quick and easy Cellular Pathology Reporting Service

Backlogs has over 20 years of expertise working with the NHS, with over 1.2 million patient cases reported during this time. We have a proven track record of working with NHS Trusts throughout the country by helping them reduce backlogs on patient cases whilst ensuring high quality diagnostic reports.

Quick and easy

- ✓ From enquiry to contract within 72 hours
- ✓ Acceptance of large volumes of work, even at short notice
- ✓ Routinely report cases within four working days

Cost-effective

- ✓ Low flat pricing model with no hidden costs
- ✓ Cost-effective alternative to locums
- ✓ No minimum order volumes

Quality and governance

- ✓ UK's leading network of Pathologists covering all specialties
- ✓ 120+ specialist Pathologists all GMC registered
- ✓ MDT support if required
- ✓ Integrated partnership with histology labs and molecular diagnostics
- ✓ IG Toolkit compliant for data security and protection

Reports

- ✓ Instant access to available results via online portal
- ✓ Integration options with NHS LIMS (Azure Cloud platform)
- ✓ Trust specific proformas/data sets can be used
