Valid from 1st April 2024

Prices are valid from 1st April 2024
and will be reviewed on 31st December 2024.

Please ensure that before making treatment decisions you
have confirmed all fees with the accounts department.

Separate price lists are available for our
fertility and surrogacy services.

LISTER
FERTILITY CLINIC

part of **HCA** Healthcare UK

WELCOME

At Lister Fertility Clinic, we run a dedicated egg donation programme that is one of the longest running and most successful in the UK.

We know the emotional strain that infertility can place on people, particularly when egg donation is part of their treatment journey. Our dedicated egg donation team, whose key members have worked in the Lister Fertility Clinic for many years, provide the continuity of care and emotional support that is essential to your experience.

We're proud of the partnerships we have at Lister Fertility Clinic, especially our new international partnerships. We carefully screen anyone or any groups that we work with, so you can rest assured that you will receive the best care on any treatment journey you undertake through our clinic.

We're here to help you grow your family whenever you're ready, whatever your circumstances.

CONTENTS

- 4 Recipient cycle using Lister egg sharing donor
- 5 Recipient cycle using Lister egg bank donor
- 6 Recipient cycle using known donor
- 7 Recipient cycle using embryo donor
- 8 Recipient cycle using Grace-recruited donor

RECIPIENT CYCLE USING LISTER EGG SHARING DONOR

Treatment package	£8,500
Triage by OD coordinator	Part of treatment package
Implications counselling for recipients	
OD team consultation	
Screening checklist and treatment plan	
HFEA fee	
Donor screening	
Donor stimulation medication	
Donor stimulation bloods	
Donor egg collection	
Recipient monitoring scans	
Donor/recipient cycle management	
Sperm preparation and standard IVF fertilisation	
Recipient embryo transfer (or freeze if no transfer)	
Package excludes	
Waiting list enrolment fee/egg bank (non-refundable, per cycle)	£550
Monitored cycle (if required)	£700
Monitored cycle medication (if required)	£200-£550 (average £300)

Donor pre-treatment screening ^e	£775
Example cost**	£12,774 (excluding Grace fee)
Estimated total patient cost***	£16,424 (including Grace fee)
Potential additional cost	
ICSI	£1,390
IMSI	£1,855
Embryo freezing including first year storage (if applicable)	£940
Recipient female screening tests ^{† a}	£610
Recipient male screening tests ^{† b}	£155

KEY FOR EGG DONATION PRICES

- a) Recipient female screening tests (initial)**
- Virology (HIV 1&2, Hep B core antibodies, Hep B surface antigen, Hep C antibodies)
 - Thyroid profile
 - Full blood count
 - CMV IgG and IgM
 - Blood pressure
 - Chlamydia
 - Rubella IgG
-
- b) Recipient male screening tests (initial)**
- Virology (HIV 1&2, Hep B core antibodies, Hep B surface antigen, Hep C antibodies)
-
- c) OD cycle medication for recipient types of medication: Synarel nasal spray, Suprecur nasal spray, Suprecur injections, Progynova, Cyclogest, Vagifem, Estraderm Patches, Aspirin, Viagra, Prontogest**
-
- d) Donor initial screening (6 month valid)**
- HIV 1 & 2, Hepatitis B Surface antigen, Hepatitis B Core antibody and Hepatitis C antibody
 - VDRL (syphilis)
 - HTLV I & II
 - CMV IgG & IgM
 - Chlamydia
 - Gonorrhoea
 - Full blood count
-
- e) Donor pre-treatment screening**
- HIV 1 and 2, Hepatitis B and Hepatitis C (NAT-PCR)
 - HIV 1 & 2, Hepatitis B surface antigen, Hepatitis B core antibody and Hepatitis C antibody
 - VDRL (syphilis)
 - HTLV I & II
 - CMV IgG & IgM
 - Chlamydia
 - Gonorrhoea
-
- f) Cyprus donor screening / counselling**
- HIV 1 & 2, Hepatitis B surface antigen, Hepatitis B core antibody and Hepatitis C antibody
 - VDRL (syphilis)
 - HTLV I & II
 - CMV IgG & IgM
 - Chlamydia
 - Gonorrhoea
 - Full blood count
 - Blood group
 - Cystic fibrosis
 - Chromosome study
-
- Thyroid profile
 - Blood group
 - Cystic fibrosis (CF)
 - Chromosome study
 - Haemoglobinopathy
 - Rectal swab
 - Tay-Sachs disease - if Jewish
 - Cervical smear
 - Trypanosoma cruzi (American trypanosomiasis)
 - Malaria
 - Zika
-
- Haemoglobinopathy
 - Tay-Sachs disease - if Jewish
 - Cervical smear
 - Trypanosoma cruzi (American trypanosomiasis)
 - Malaria
 - STDX (HIV 1 and 2, Hepatitis B and Hepatitis C (NAT-PCR))
 - HIV 1 & 2, Hepatitis B surface antigen, Hepatitis B core antibody and Hepatitis C antibody
 - VDRL (syphilis)
 - HTLV I & II
 - Chlamydia
 - Gonorrhoea

[†] Only if not done already in-house or by GP.

**This is an example cost for what we believe the patient would pay to the Lister.

*** This is what we believe would be the total cost including external fees.

Please note for recipients who choose to cancel/abandon a cycle after a donor has been prepared for egg donation, there is a £1,665 abandoned cycle fee.

CANCELLATION

Cancellation by known / recruited donor prior to stimulation starts:

Payable as below

All costs related to donor consultation / screening

All costs incurred for recipient preparation

Cancellation by recipient prior to stimulation starts:

Payable as below

All costs related to donor consultation / screening

All costs incurred for recipient preparation

Cancellation by known / recruited donor or recipient prior to stimulation starts:

Payable as below

All costs related to donor consultation / screening

All costs incurred for recipient preparation

£995 of package fee for preparation work by OD team

All itemised costs for individual monitoring blood tests as per standard IVF cost that are normally part of the package

All itemised costs for stimulation/preparation medication to donor or recipient as per standard IVF cost that are normally part of the package
