

Ordering - Order Set Crib Sheet

Purpose

This document serves as a quick reference guide on the components of Order Sets in Meditech Expanse. This document does not include medication order sets.

It provides the name of each order set, a summary of its contents, and its associated alias or alternate name that can be used to find the set.

Those order sets that have been imported from MediTech Magic have their alias set as the MediTech Magic code.

Audience

Doctors, Nurses, Allied Health Professionals
